HYBRID APPS · *VIBE ACCOUNTING*

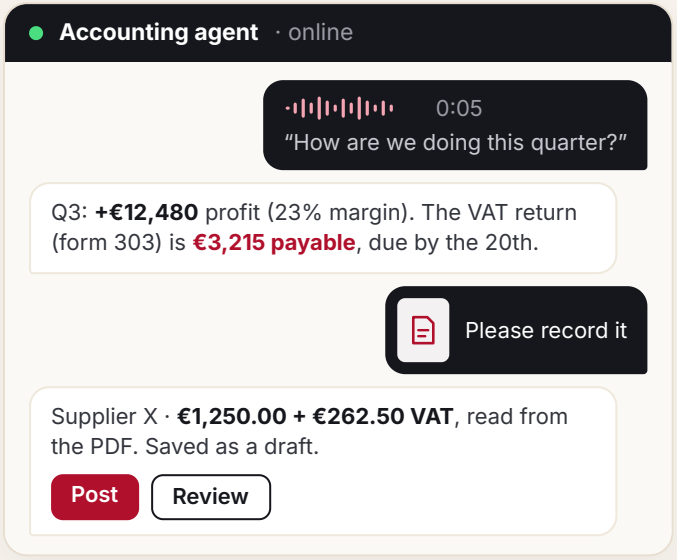

Accounting Agent

Ask about your accounts by chat or by voice and get the answer read and interpreted, not just the table. The agent prepares entries as drafts; posting them is always your decision or your advisor's.

ON THE ERP YOU ALREADY HAVE

ASK YOUR ACCOUNTS

WHAT YOU CAN ASK

- **Results and balance sheet**
  P&L, balance sheet and trial balance, with what has changed
- **VAT, withholding and forms 303 and 349**
  Payable or refundable, with a reminder before the deadline
- **Cash and due dates**
  What is in the bank, who owes you and whom you owe
- **Draft invoices**
  From a photo, a PDF or the supplier's portal
- **Bank reconciliation**
  Matches the statement against entries and flags what doesn't add up
- **Report for your advisor**
  A PDF covering the whole period, ready to send

HOW IT IS BUILT

PEOPLE
Individual or team work

- Individual: own chat, memory and email
- Team: the same ERP and the same criteria
- Posting is always a human decision (HITL)

⇄

AGENT
Automated, simplified work

- Reads invoices, statements and portals
- Reconciles bank and entries
- Recomputes taxes and reports on every query

⇄

ERP
ERP as the source of truth

- Posted entries override forecasts
- No copies of data outside the ERP
- Every entry traced to its document
